Selling Steel Ranges

is not like selling NAILS. The consumer does not buy, and
buy again, and repeat his order from time to time. He buys a
"Steel Range," and that settles it for a good many years. If it's
an inferior make, he has a long time to grumble. If it's a
"Majestic Range" he will be a satisfied customer for lifetime.

Complaint is made to the authori-
ties that persons owning automobiles
are running them at night without
the precaution of lights. It is sug-
gested that both town and city coun-
cils should pass ordinances prohib-
iting such carelessness on the part of
drivers, whose thought seems to be
for themselves only in some in-
stances.

20 Mule-Team Borax

In The
Laundry

For laundry use, Borax is
the greatest boon ever offered
to womankind. It has a com-
bination of valuable qualities
that are simply astonishing.
Most aids to cleansing have
bad features that make their
use in the laundry of very
questionable value. Borax,
the best aid to cleansing
known, has not one single
drawback that has ever been
brought to our notice. It
quickly renders itself to all
who use it.
